Connect to IFTTT

IFTTT

Prior to IFTTT use...

- Ensure Google Assistant has been programmed and is operational.
- Ensure the Connexoon Window RTS device has scenes or ambiances programmed.

Note: Each Connexoon Window RTS user can have a maximum of 8 scenarios (4 modes and 4 ambiances)

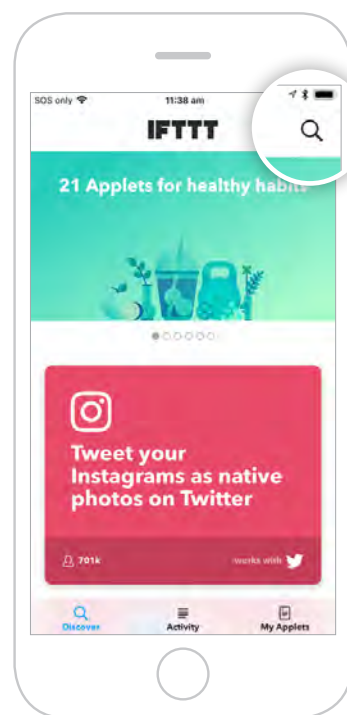

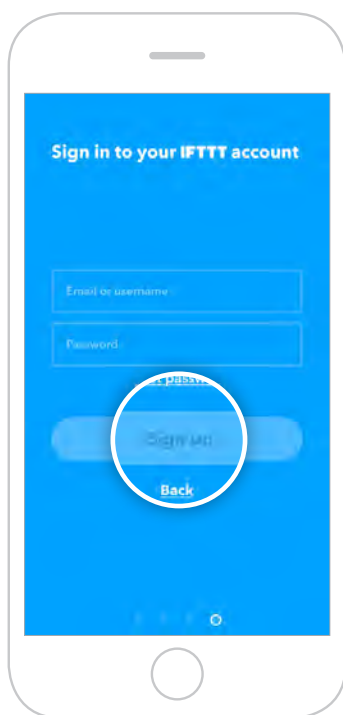

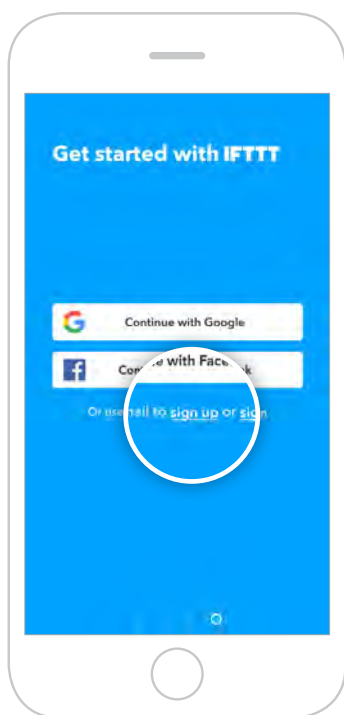

1 Download the IFTTT app or access the IFTTT website <https://ifttt.com>

2 Open the IFTTT app and select Sign up.

3 Enter your email address, password and select Sign up.

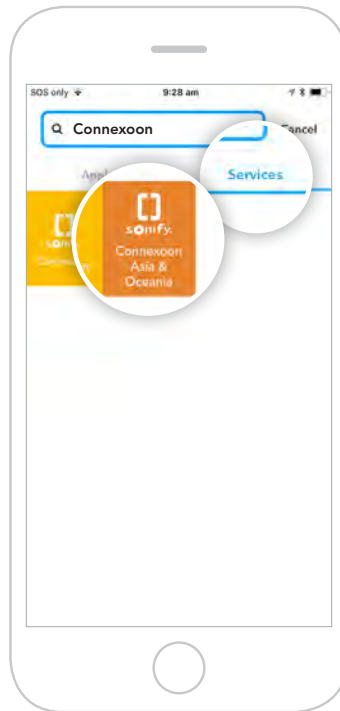

4 Select the lookup icon in the top right to add your Connexoon Window RTS to the IFTTT account.

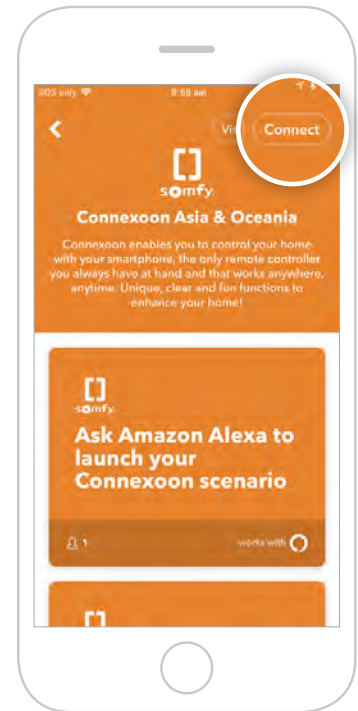

5 Type “**Connexoon**” in the search bar and click on **Search**.

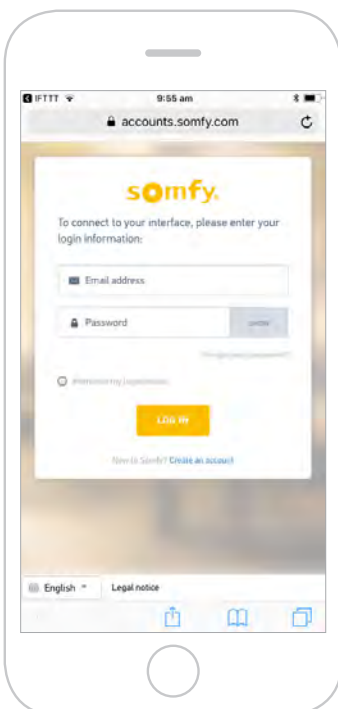

6 Ensure the **Services** tab has been selected in the search results. Select **Connexoon Asia & Oceania**.

7 Select **Connect**.

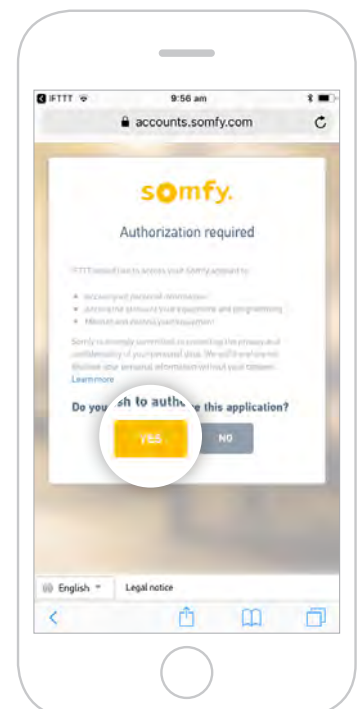

8 Enter the email address and password used for your **Connexoon Window RTS login**.

9 **Authorise** IFTTT compatibility with your Connexoon Window RTS.

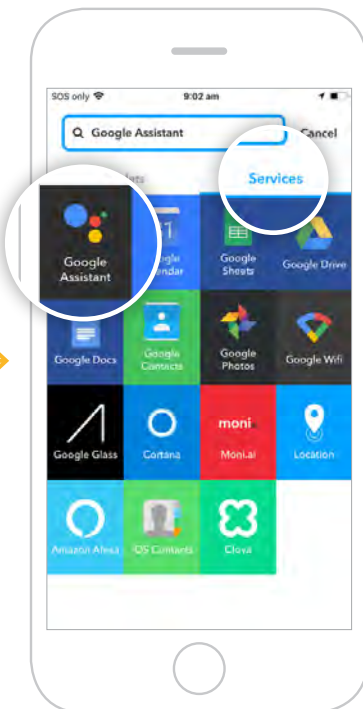

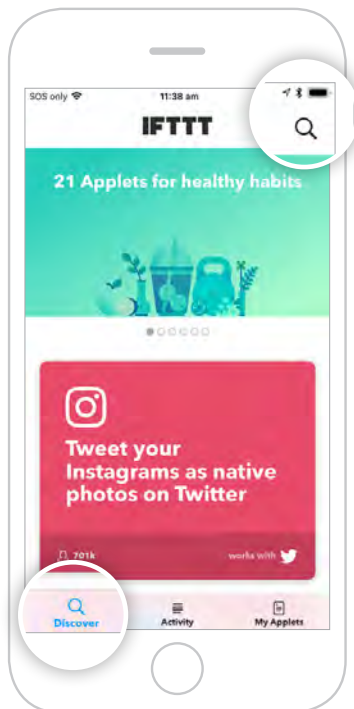

“Open in IFTTT?” pop-up appears. Select **Open** to proceed.

To return to main screen, click the back arrow in the top-left corner and clear the Search field.

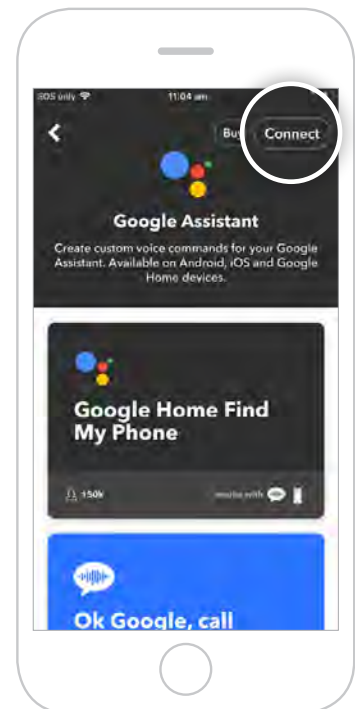

Register Google Assistant device

10 On the **Discover** tab, type in “**Google Assistant**” and click on **Search**. Select **Google Assistant**. Ensure the **Services** tab has been selected.

11 Select **Connect**.

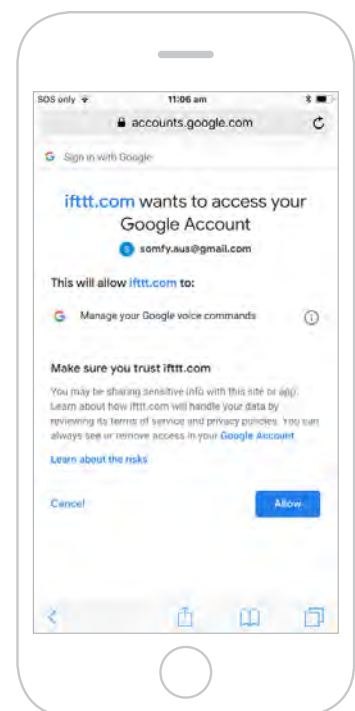

12 Sign in with your **Google Assistant** login details.

13 Allow IFTTT to access your Google Account.

“Open in IFTTT?” pop-up appears. Select **Open** to proceed.

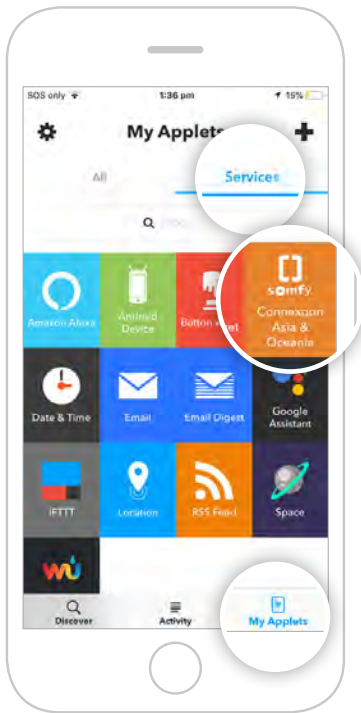

To return to main screen, click the back arrow in the top-left corner and clear the Search field.

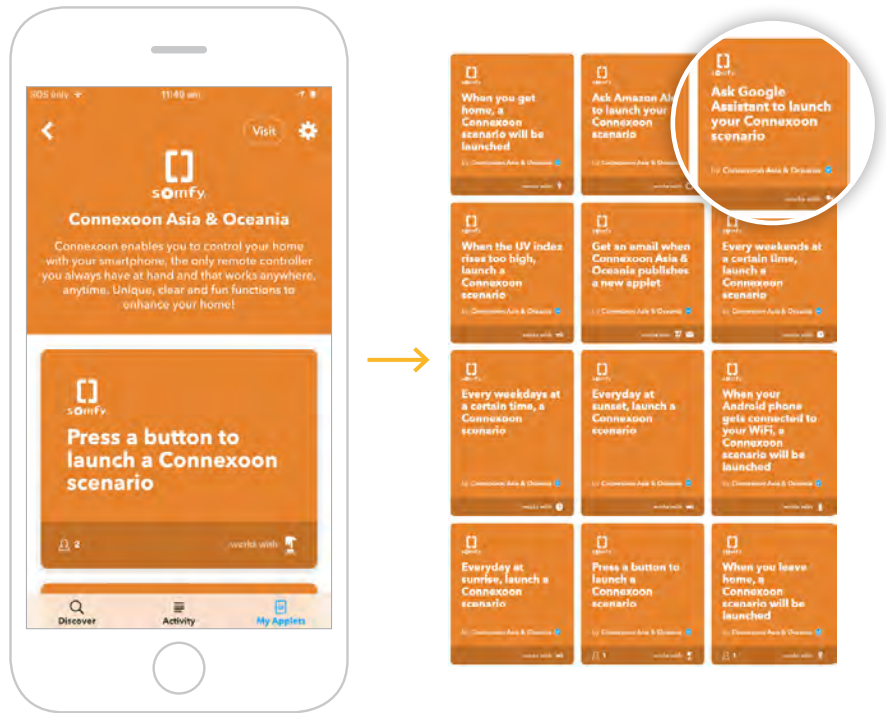

Activate Google Assistant voice control Applet

- Follow the next steps to **activate existing Applets** created by Connexoon Asia & Oceania.
- To **create a new Applet**, move to step 18.

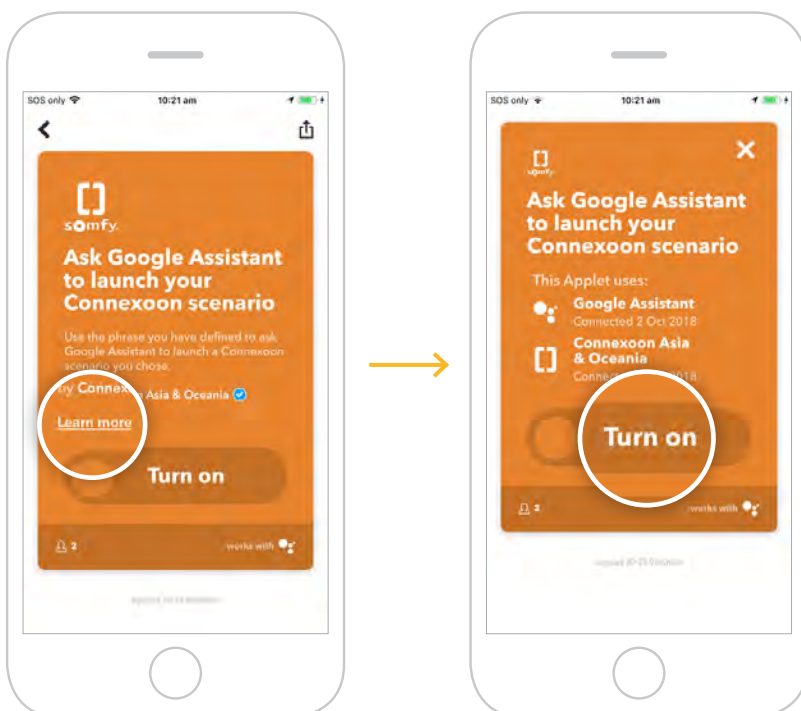

14 Under **Services** on the **My Applets** tab, select **Connexoon Asia & Oceania**.

15 Scroll through the list of pre-defined **Applets** to select the one you wish to **activate**.

16 Select **Learn more** on the Applet chosen to see the services used. Then select **Turn on**.

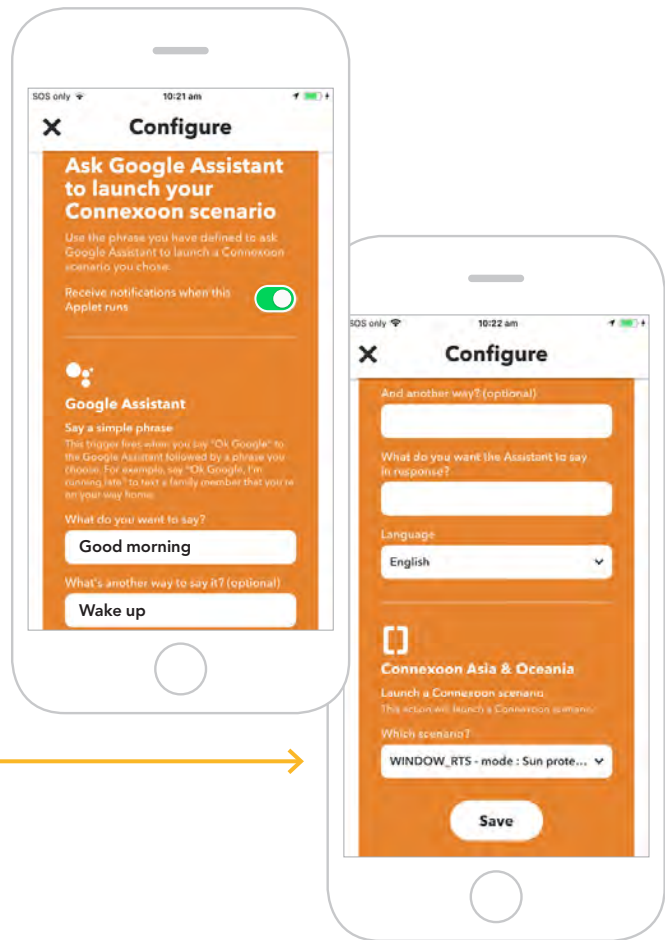

- 17 Enter the details in the Applet and select **Save**. Your customised Applet has been created.

Choose the **phrase** which will launch the scene or ambiance.

Optional phrases which will also launch the scene or ambiance.

Select the **Connexoon Window RTS scene or ambiance** to be launched.

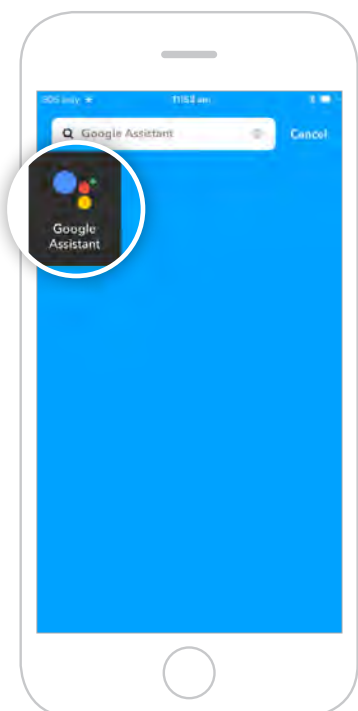

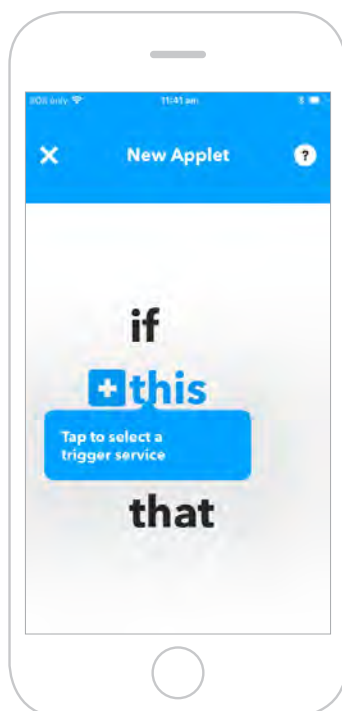

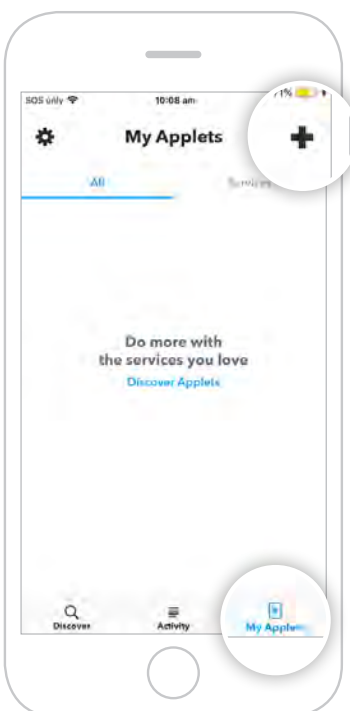

Create a new Applet

- 18 Open the **My Applets** tab and select **+** in the top right of the page.

- 19 Select **+** this.

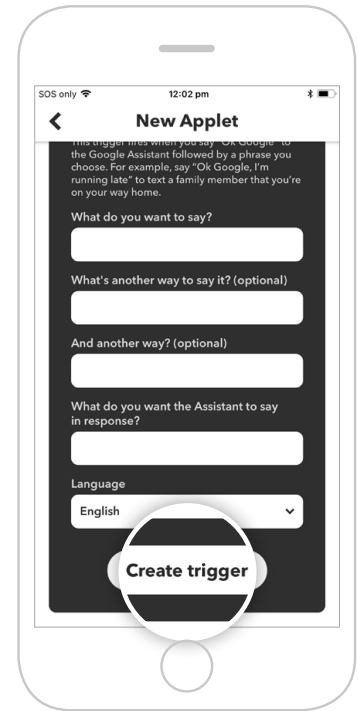

- 20 Search and select **Google Assistant**.

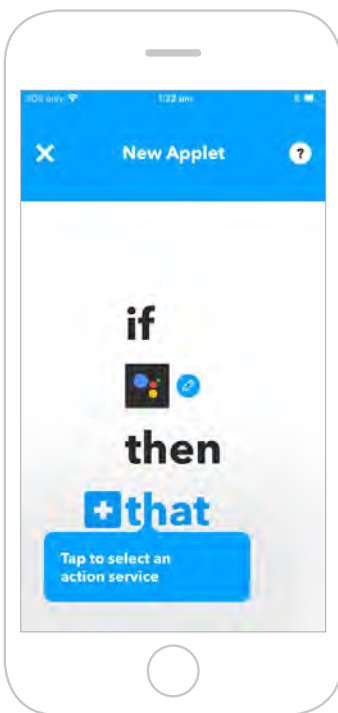

21 Select the **type of trigger** to activate the Connexoon Window RTS.

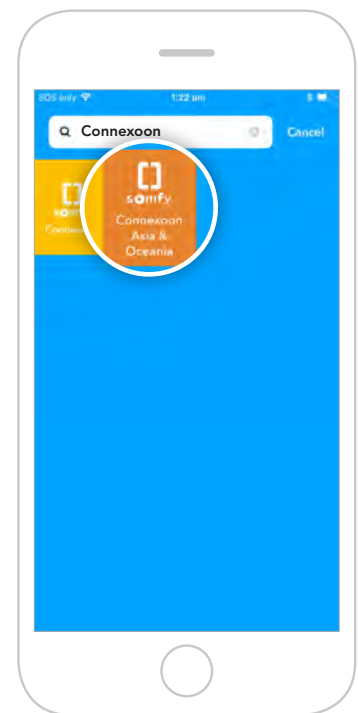

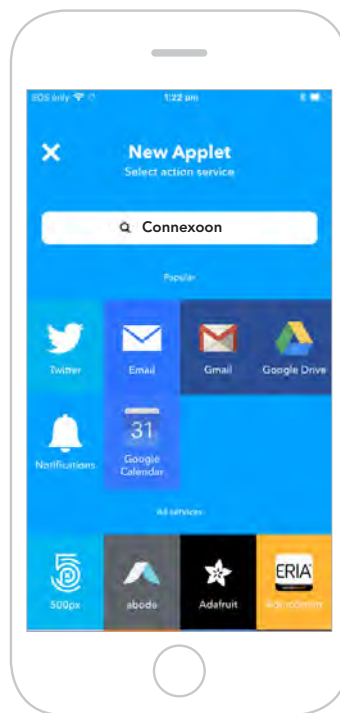

22 Enter the phrase to trigger your Connexoon Window RTS. Select **Create trigger**.

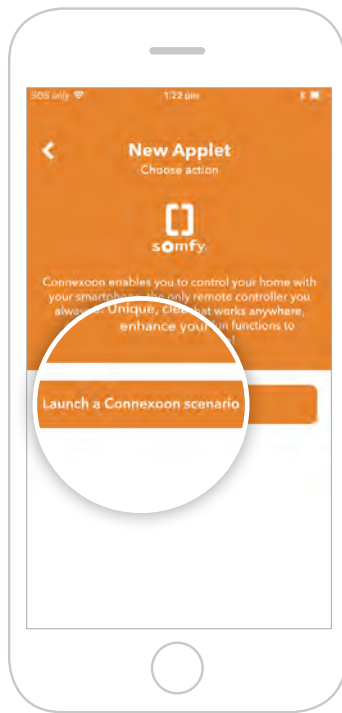

23 Select **+ that**.

24 Search for "**Connexoon**". Ensure you select **Connexoon Asia & Oceania**.

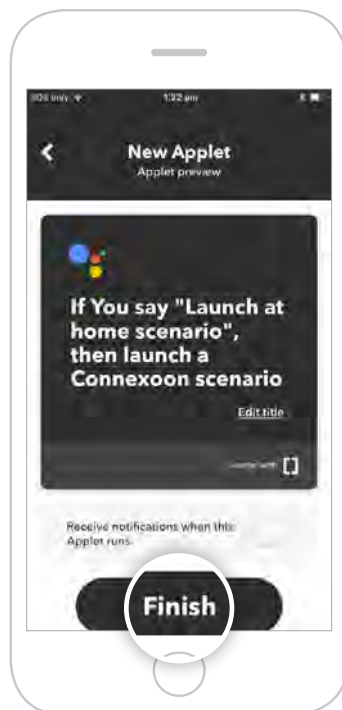

25 Select **Launch a Connexoon scenario**.

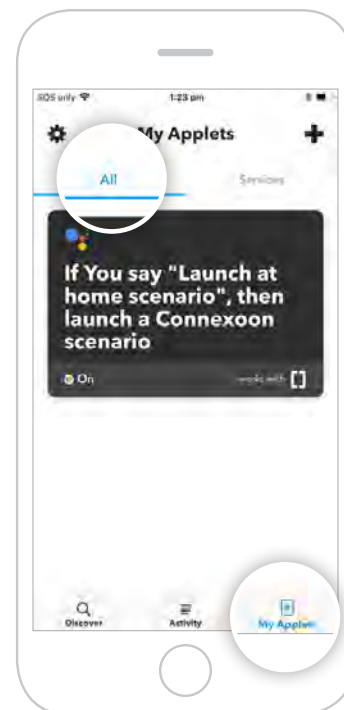

26 Select the Scenario you wish to launch from the drop-down menu. Select **Create action**.

27 The Applet has been created, select **Finish** to save.

28 The Applet is saved and can be viewed in **My Applets**.
